THE STORY SO FAR

Step into the *DC Universe™ Online* and witness the epic power struggle between good and evil, as heroes and villains do battle to seize control of a city in ruins. But as the fight reaches a crescendo, Earth's true enemy reveals itself and the need for a new legend grows even stronger.

In the future, all of Earth's heroes and villains are dead. Their endless, bloody conflict blinded them to the true threat: the planet-devouring alien intelligence **Brainiac**. As **Brainiac** amasses all of Earth's powers using his vicious Exobytes, finally only one man is left standing; the last son of Earth, **Lex Luthor**.

As **Brainiac** prepares to assimilate the data from the Exobytes, **Lex Luthor** makes a final, desperate attempt to save his planet. He steals the Exobytes and flees backwards through time. There he detonates the Exobytes in the atmosphere, blasting ordinary humans with ultra-condensed meta, magic and tech powers from Earth's own future.

With this new generation of superpowered heroes and villains, Earth now stands a chance against **Brainiac**. You can fight to save or enslave the DC Universe; the choice is yours ... the next legend is you!

Power Type

Your Power type determines what super skills and abilities you can get:

- ★ **Gadgets and Mental** are controlling powers
- ★ **Fire and Ice** are defensive powers
- ★ **Nature and Sorcery** are healing powers

Origin

Your Origin determines how you got your superpowers, and what more you can become:

- ★ **Magic** — like **Wonder Woman** or **Circe** — uses energies from beyond the known world.
- ★ **Meta** — like **Superman** or **Poison Ivy** — gains powers and skills through genetic gifts.
- ★ **Tech** — like **Batman** or **The Joker** — uses technology and gadgets to mirror the powers of a Meta or Magic origin.

THE NEXT LEGEND

Before you enter the game for the first time, you must create a character to play. You may create up to eight characters on your account.

At any time you may:

- ★ **ABORT** the creation process to return to the Character Select window.
- ★ Go **BACK** to the previous window (and change your choice there).

Select a world for your character. Then choose:

- ★ **Gender:** *Male* or *Female*
- ★ **Build:** *Small*, *Medium* or *Large*
- ★ **Template:** *Custom* or *Inspired By*

Gender, Build and Personality (below) affect your appearance, but not your stats or abilities.

CUSTOM

CUSTOM characters are created from scratch. Your choices include:

- ★ **Morality:** *Hero* or *Villain*
- ★ **Personality:** *Comical*, *Flirty*, *Powerful*, *Primal* or *Serious*
- ★ **Origin:** *Meta*, *Tech* or *Magic*
- ★ **Power:** *Fire*, *Gadgets*, *Ice*, *Mental*, *Nature* or *Sorcery*
- ★ **Movement:** *Flight*, *Acrobatics* or *Super-Speed*
- ★ **Weapon:** *Bow*, *Brawling*, *Dual Pistol*, *Dual Wield*, *Hand Blast*, *Martial Arts*, *One-Handed*, *Rifle*, *Staff* or *Two-Handed*

THE NEXT LEGEND

COSTUME

When you reach the Summary screen, you're ready to design your costume.

Your choices are:

- ✦ **Body:** *Skin and Hair*
- ✦ **Gear:** *Helmet, Face, Emblem (on your chest), Shirt, Back Slot (cape, backpack, etc.), Hands, Waist, Pants and Feet*
- ✦ **Colors:** *Gear, Skin, Hair, Eyes and Makeup*

Each color choice has three sliders:

- ✦ **Color** in the spectrum
- ✦ **Intensity** (from intense to faint)
- ✦ **Brightness** (from dark to bright)

When you've got the color you want, select **ACCEPT**.

If you decide not to change anything, select **CANCEL**.

Your Gear *Palette* has three colors — **primary**, **secondary** and **highlights**.

Once you've selected these three, you can *Customize Gear Colors* — selecting individual palettes for each gear location that you want to change.

INSPIRED BY

INSPIRED-BY templates create a character like your favorite Hero or Villain. Templates include **Batman**, **Catwoman**, **Circe**, **Deathstroke**, **The Joker**, **Lex Luthor**, **Superman** and **Wonder Woman**. After selecting a template, you can customize your character any way you wish.

Feel free to create a new character inspired by any of your other favorite superheroes or villains. Check out all the options and create the DC-style character that you want to be.

PLAYING

Once you've created a character and select **SUBMIT**, you enter the tutorial. Here are a few reminders while playing:

- ✦ Move with **W**, **A**, **S** and **D**, using the mouse to look around.
- ✦ When you're in a fight, use your primary and secondary attacks, and use Abilities from your Ability Tray — **1-6** — as needed. Left-click triggers your primary attack, while right-click triggers your secondary attack. Learn to use combos from hints in-game, and time your attacks to your best advantage.
- ✦ When you're not in combat and want to cover ground quickly, press **F** to shift into Movement Mode. Toggle **F** again to turn Movement Mode off.
- ✦ Lock on a target with **Tab**. Your crosshairs will stay focused on your target until one of you drops. (Use **C** to clear your target lock.)
- ✦ Icons hanging in the air are useful signals, especially those over people:

Quest (orange)	Target to Protect	Mail Terminal
Future Quest (gray)	Information	Safe House
Quest Completion	Vendor	Entrance/Exit
Interaction	Banker	

Collectible items are marked with green, blue or yellow spheres.

- ✦ If you're not sure what to do next, check your Case Journal — **J**. It opens to your most current quest. Close that page to check on any other active quests.
- ✦ If you're not sure where to go, follow the large arrowhead on the edge of your mini-map. If there isn't a yellow X on your mini-map, continue in the direction the large arrowhead leads you until the yellow X appears. If you have no arrowhead, you may need to travel to the other city (Gotham or Metropolis). To make your way there, travel to a Safehouse and use the teleporter to the Watchtower or Hall of Doom. Once in the Watchtower or Hall of Doom, proceed to find a teleporter to the city you wish to travel to.

STATUS BAR

The *Status Bar* lists:

- 🛡️ Your current tactic (the icon at the beginning of your name — Shield for Defense, Lightning Bolt for offense, Spiral for control, and Heart for healing)
- 🌟 Your level (the number on the far right)
- 🟢 Your Health (green bar)
- 🟡 Your Power (blue bar)
- 🔴 Your Supercharge (red to yellow gradient bar)

Under the bars are a series of *Status Indicators* (red for negative, green for positive). They include:

MINI-MAP

You're the blue dot at the center.

Your current objective *Yellow X*
(If it's beyond the map, a yellow arrow-head on the outer ring points toward it.)

Ally (PC or NPC) *Blue Dot*

Enemy *Red Dot*

Enemy at an elevation significantly above or below you *Red "V"*

Important item *White Dot*

Mail Terminal *Blue Envelope*

Vendor *Blue, Green or Orange Bag*

Exit *Blue Door with Arrow*

If there's a marker on the map, but you're not finding anything, it's probably above or below you — change levels.

TRAITS

As you play, you earn points that you can spend to develop **Traits**. Traits are divided into **Powers** and **Skills**. Use points to purchase enhancements or modifiers that increase your Traits' impact, intensity or level.

- The Powers that you can develop depend on the initial Power that you chose during character creation. For example, the Gadget power develops Traps (such as Fear Gas and Thermite Mines) and Tricks (including Sleep Darts and Decoys).
- Skills are either for **Weapons** or **Movement**.
- Using an active Trait — an **Ability** — costs you *Power*. Power is the blue bar in your Status Bar (in the top left of your window). You recharge Power with regular fighting. Using an Ability briefly improves your damage with your primary and secondary attacks.

ABILITY TRAY

Each new Ability you get appears as an icon at the bottom of your screen in your **Ability Tray**. You can rearrange their order (using your PDA: Powers window — **P**).

- Each Ability in your Ability Tray is marked with the key that activates it and has a cooldown timer before it can be used again.
- Slot **7** is for consumables.
- Slot **8** is for a gadget.

- The purple XP bar along the bottom of the tray indicates progress toward your next level.

PERSONAL DATA ASSISTANT

Press any of the keys listed below to display your Personal Data Assistant (PDA).

Press **[Esc]** or the key for your current icon to close your PDA.

From left to right, the PDA icons activate:

 **Inventory.** Your inventory window displays all of the loot you've obtained and how it affects your character. The **Equipment** tab shows, and allows interaction with, wearable items, consumables and collectibles. The **Stats** tab shows your character's attributes and how strong they are. The **Currency** tab shows how much of each type of currency (PvP & PvE tokens, and Influence) that you've earned.

 **Style.** Want to get the stat benefits of the mightiest equipment but don't want to change how your character looks? No problem! Style allows you to override the look of your currently equipped gear with the appearance of any item that you've ever had equipped — regardless of whether that item is still in your inventory.

 **Case Journal.** This displays all of the Missions that your character has discovered. Within this list, you can review each of your Missions in detail and close out completed Missions.

 **Traits.** Pick the **Powers** and **Skills** that you get while playing *DCUO*. This shows their point cost, a brief description, and the order in which you can get them. You can build additional **Loadouts** from this window so that you can be ready to play your specific role on group missions.

 **Deeds.** Look back at your accomplishments. The **Feats**, **Headlines** and **Renown** that you've earned are tracked here. Also, review your growing **Investigations**, **Briefs** and **Collections**.

PERSONAL DATA ASSISTANT

Map. View a map of your current location, review Metropolis and Gotham at both City and District levels, and check out your factional city (Hall of Doom or Watchtower). The map displays Points of Interest and other key locations and allows you to set temporary waypoints to these locations.

Social. Use **Advanced Chat** to text chat with other players or use the **Vivox Channel Controls** to adjust your voice chat settings. Find friends using **Social Selection** and adjust your **Group** options as well. Finally, the **League** window will allow you to create or manage your own **DCUO** League.

Marketplace. Enter the **Marketplace** to purchase premium items. Additional **Vault** tickets may be purchased here as well to get even more awesome loot!

VAULTS

Vaults give you the chance to score potentially rare and hard to find items. All you have to do is smash away!

OTHER PLAYERS

Some missions can't be won by yourself without a group. If you don't know anyone else in the game:

- ★ Start talking to other players that you see in the safehouses — police stations (for heroes) and night clubs (for villains).
- ★ Sign up for an **Alert** (in the **On Duty** tab).
- ★ It won't take long for you to meet a few players that you'd like to group with again. Flag them as **Friends** and you can see if they're online the next time you're ready to play.

COMMUNICATING

- ★ **Voice chat with a headset.** Use the **Options** tab to set preferences.
- ★ If you're using a headset, stay friendly and follow our **Customer Service Policies** (see the **Support** link on page 19).
- ★ If you play without a headset, you can communicate with gestures (**emotes**) and chat (both available through the **Social Window**).

SOCIAL

- ★ **Social Selection** lists all nearby player characters of the type you specify.
- ★ You may also chat with or view specific characters of other sorts: your current **Group**, your **Friends**, your **League** (an alliance of heroes or villains that you play with regularly), or everyone with you in a **Raid**.
- ★ The **Advanced Chat** window is a larger window, with tabs to manage both your channels and your conversations.

You understand that online games evolve over time and, accordingly, system requirements to play the Game may change over time and you may need to upgrade your current system (or obtain a new system) to play the Game.

AGREEMENT AND SOFTWARE LICENSE

3. We may amend this Agreement at any time in our sole discretion. Amendments shall be communicated to you at the time you log into your Account. Such amendments shall be effective whenever we make the notification available for your review.

4. Upon registration, you must select a password. You may not disclose your password to any third party. We never ask you for your password by telephone, in-game communication, live-chat or email, and you should not disclose it this way if someone asks you to do so. Although we may offer a feature that allows you to “save” or “remember” your password on your hard drive, please note that by using this feature third parties may be able to access your computer and thus your Account.

5. We describe our fees and billing procedures at a hotlink located at www.dcuonline.com, which are incorporated by reference and are subject to change at any time. All fees are stated in U.S. Dollars unless otherwise specified. All fees are prepaid and non-refundable. All payments for Virtual Goods are non-refundable; Virtual Goods shall not be tradeable or transferable unless otherwise expressly agreed to in writing by SOE. Upon your acceptance of these terms, we have the right to automatically charge your credit card the Account fee plus any applicable taxes we are required to collect, and you authorize us to do so. Thereafter, each time your Account comes up for renewal, we have the right to charge your credit card (or other authorized payment method) the then-current renewal rate plus any applicable taxes we are required to collect, and you authorize us to do so. If we are unable to process your credit card at a renewal period, your Account may be immediately terminated. If we make a Game Card available and you use a Game Card to pay for your Account, the Game Card shall activate your Account for the period stated on the Game Card and, thereafter, you will either need to provide a valid credit card or other authorized payment method (in which case your credit card or other authorized payment method will subsequently be charged as referenced above) or purchase another Game Card for subsequent subscription periods, or your Account will be closed. You may terminate your Account at any time through the Account registration process. If you terminate your Account during your initial period of game-play that may be included with your purchase of the Game, if any, your Account will be closed at the end of such play-period and you will not be billed. If you terminate your Account during any subscription cycle, your Account will be closed at the end of the then-current cycle and you will not be billed again unless you affirmatively reopen the Account. We do not give full or partial refunds for subscription periods that you have purchased.

6. We may terminate this Agreement (including your Software license and your Account) and/or suspend your Account immediately and without notice: (i) if you violate any provision of this Agreement; (ii) infringe any third party intellectual property rights; (iii) if we are unable to verify or authenticate any information you provide to us; (iv) upon game play, chat or any player activity whatsoever which we, in our sole discretion, determine is inappropriate and/or in violation of the spirit of the Game; (v) upon any violation of the Station Terms of Service and/or the Game Rules of Conduct and/or (vi) upon any violation of the Exchange Agreement. If we terminate this Agreement or suspend your Account under these circumstances, you will lose access to your Account for the duration of the suspension and/or the balance of any prepaid period without any refund. We may also terminate this Agreement if we decide, in our sole discretion, to discontinue offering the Game, in which case we may provide you with a prorated refund of any prepaid amounts.

7. Subject to the terms of this Agreement, we hereby grant to you a non-exclusive, non-transferable, revocable license to use the Software solely in connection with playing the Game via an authorized and fully-paid Account. You may not copy (except to make one necessary back-up copy), distribute, sell, auction, rent, lease, loan, modify or create derivative works, adapt, translate, perform, display, sublicense or transfer all or any portion of the Software. You may not copy any of the written, digital or electronic materials accompanying the Software unless we expressly permit you to do so in writing, and then only to the extent permitted. You may not reverse engineer, disassemble or decompile the Software except to the extent that this restriction is expressly prohibited by applicable law. The Software may contain license management software that restricts your use of the Software.

8. We and our licensors and suppliers shall retain all rights, title and interest, including, without limitation, ownership of all intellectual property rights relating to or residing in the CD-ROM, the Software and the Game, all copies thereof, and all game character data in connection therewith. You acknowledge and agree that you have not and will not acquire or obtain any intellectual property or other rights, including any right of exploitation, of any kind in or to the CD-ROM, the Software or the Game, including, without limitation, in any artwork, music character(s), item(s), coin(s) or other material or property, and/or any compilation or copyrightable arrangement of any of the above (collectively, “**Rights**”), and that all such property, material, items and Rights are exclusively owned by us – except solely as SOE may permit you to exploit Virtual Goods in connection with Live Gamer Exchange.

9. You may not use any software to modify the Software to change Game play. You may not create, facilitate, host, link to or provide any other means through which the Game may be played by others, such as through server emulators. You may not decrypt or modify any data transmitted between client and server and you may not use, post, host or distribute macros, "bots" or other programs which would allow unattended game play or which otherwise impact game play. You may not take any action which imposes an unreasonable or disproportionately large load on our infrastructure. Except in connection with Live Gamer Exchange and subject to all of the provisions of the Live Gamer Terms of Service, you may not buy, sell or auction (or host or facilitate the ability to allow others to buy, sell or auction) any Game account, characters, items, coin or copyrighted material or any other intellectual property owned or controlled by us or our licensors without first obtaining our express written permission.

10. To obtain an Account, you will be required to choose both a login name and a player name. While you are encouraged to use a pseudonym, especially if you are a minor, you may not pick a name that violates anyone's trademarks, publicity rights or other proprietary rights.

11. As part of your Account, you can upload content to our servers in various forms, such as in the selections you make for the Game, in-game posts and chat, and in chat rooms and similar user-to-user areas (collectively, your "Content"). Your Content shall not: (a) infringe any third party intellectual property, other proprietary or publicity/privacy rights; (b) violate any law, rule or regulation; (c) be defamatory, profane, obscene, child pornographic or harmful to minors; or (d) contain any viruses, Trojan horses, worms, time bombs, cancelbots or other computer programming routines that are intended to or actually damage, detrimentally interfere with, surreptitiously intercept or expropriate any system, data or personal information. We may take any action with respect to your Content if we believe it may create liability for us (or our licensors, licensees or suppliers) or may cause us to lose (in whole or in part) the services of our ISPs, licensors or other suppliers. You hereby grant to us a worldwide, perpetual, irrevocable, royalty-free, sublicenseable (through multiple tiers) right to exercise all rights of any kind or nature associated with your Content, including, without limitation, all intellectual property rights, and all ancillary and subsidiary rights thereto, in any languages and in any media now known or not currently known.

12. We cannot ensure that your private communications and other personally identifiable information will not be disclosed to third parties. For example, we may be forced to disclose information to the government or third parties under certain circumstances, or third parties may unlawfully intercept or access transmissions or private communications. Additionally, we can (and you authorize us to) disclose any information about you to private entities, law enforcement or other government officials as we, in our sole discretion, believe necessary or appropriate to investigate or resolve possible problems or inquiries. You agree that we may communicate with you via telephone, email and any similar technology for any purpose relating to the Game, the Software and any services or software which may in the future be provided by us or on our behalf. You expressly permit SOE to upload CPU, operating system, video card, sound card and memory information from your computer to analyze and optimize your Game experience, improve and maintain the Game and/or provide you with customer service. Furthermore, if you request any technical support, you consent to our remote accessing and review of the computer you load the Software onto for purposes of support and debugging. You may choose to visit www.dcuiverseonline.com, www.station.sony.com, or other SOE web sites if such web sites offer services such as a **DC Universe Online** game-themed chat room or other services of interest to you. You are subject to the terms and conditions, privacy customs and policies of SOE while on such web sites and in connection with use of your Account and the Game, which terms and conditions, policies and customs are incorporated herein by this reference. Since we do not control other web sites and/or privacy policies of third parties, different rules may apply to their use or disclosure of the personal information you disclose to others. Solely for the purpose of patching and updating the Game and/or Software and ensuring the integrity of the Game, you hereby grant us permission to (i) upload Game-related file information and data from the Game directory and (ii) download Game files to you. You acknowledge that any and all character data is stored and is resident on our servers, and any and all communications that you make within the Game (including, but not limited to, messages solely directed at another player or group of players) traverse through our servers, may or may not be monitored by us or our agents, **you have no expectation of privacy in any such communications and expressly consent to such monitoring of communications you send and receive. You acknowledge and agree that we may transfer Game and your Account information (including your personally identifiable information and personal data) to the United States or other countries or may share such information with our licensees and agents in connection with the Game.**

If any provision of this Agreement is held to be invalid or unenforceable, such provision shall be struck and the remaining provisions shall be enforced. Our failure to act with respect to a breach by you or others does not waive our right to act with respect to subsequent or similar breaches. You may not assign or transfer this Agreement or your rights hereunder, and any attempt to the contrary is void. This Agreement sets forth the entire understanding and agreement between us and you with respect to the subject matter hereof.
